Churches Plan Special Easter Services

Dana Wilbanks will be guest speaker at a sunrise Easter service Sunday morning in Palo Duro State Park, the highlight of Holy Week observances by Canyon Christians. Admission to the annual event, to be held at 6:30 a. m., will be free. The Canyon Christian Youth Council are sponsors.

A youth choir, composed of junior high and senior high school students, will be under the direction of Royal Brantley. A brass ensemble made up of Charles Wagner, Judy Wilson, Weston Moore and Dr. Dudley Moore, will provide special music.

In case of rain, the service will be held at the First Baptist Church.

Three Holy Communion services will be held on Maundy Thursday. The All-Saints Episcopal Church has set its Communion service for 4:30 p. m., and the First Presbyterian and the First Christian Churches will begin their Communion services at 7:30 p. m.

The public is invited to use a prayer room set up in the First Christian Church to emphasize Friday as a day of prayer.

Communion elements will be available at the First Methodist Church between 5 and 7 p. m. Good Friday. Members may come and go.

A Good Friday service will be held from 2 to 3 p. m. at the All-Saints Episcopal Church.

The Sunday School class period at the First Christian Church will be cut short, with a special Easter program following the class period. Easter songs and verses will be

presented by the children's department, under Mrs. Sam Jolly, superintendent.

The morning service begins at 10:50 a. m., with the message, "As It Began To Dawn" being given by the minister, the Rev. Dale M. Harter. The choir will bring spe-

cial music.

The First Methodist Church is having a special drive to have 500 in Sunday School. In the worship service, all three church choirs will provide special music. The sanctuary will be decorated with Easter lilies provided by the

church decoration committee, composed of Mrs. Clyde Warwick, Mrs. Piner Stevens and Mrs. H. R. Fulton. The pastor, the Rev. Doyle Ragle, will speak on "Christ Returns."

A special Easter service will be held at the All-Saints Episcopal Church at 11 a. m., with the Rev. Joel Treadwell, vicar, officiating.

The children's choir, under the direction of Mae Simmons, will give special music in the Sunday morning worship service at the First Presbyterian Church.

Other churches will hold regular observances and plan no special events.

Stallings Services Planned Sunday

Funeral services for Elmer L. Stallings will be held at 3 p. m. Sunday in Warren-LaGrone Funeral Chapel. He died in Nevada City, Calif.

Mr. Stallings was born in Granger, Texas, Oct. 25, 1897, and had lived in northern California for 35 years. He was a miner, and a veteran of World War I.

Mr. Stallings' people were long-time residents of Canyon.

Survivors include his mother, Mrs. Fannie Stallings, now of Dimmitt; and three sisters, Mrs. Dora Houtchens, Dimmitt, Mrs. Mallie Baber, Bentonville, Ark., and Mrs. Ina Mae Shipp, Monterey, Calif.

Burial will be in Dreamland Cemetery.

Tax Office Open For Tag Purchases

The Randall County tax office will be open all day Saturday to accommodate car owners who have neglected to purchase new tags.

Sales of the tags are running slow, and a good percentage of the cars in the county do not have them yet. They must be purchased and displayed on cars by next Wednesday morning.

When the proposed charter is finally adopted by the charter commission, the Canyon News will present explanations of its provisions. The chamber is also studying the idea of having a town meeting to explain the charter before the election.

State FB Officer To Speak Tonight

The small grains problem will be discussed tonight at the Farm Bureau building by J. H. West of Bishop, state president of the Texas Farm Bureau Federation.

The meeting will begin at 8 p. m. West will also discuss related farm problems. Everyone is invited to attend, according to R. B. Gist Jr., president.

Here's Where the Snow Went

Saturday morning, after Old Man Winter flung his last fling, the fields were bare but some east-west ditches held big loads of snow like this one on the old city lake road. Very soon after spring officially arrived at 2:55 a. m. Saturday morning, the storm blew itself out. Snow amounts were light and winds blew most of that away.

Flower Gifts Are Needed in Park

A few varieties of flowers are still needed by the Canyon Garden Club for its project of landscaping the northeast corner of Conner Park, around the dedication monument.

Still needed are roses, chrysanthemums and poppy seed, according to C. R. Hillier.

Donations to date include iris and daylilies from Mrs. W. I. Wester; moss rose and chrysanthemum seed, Mrs. C. C. Callarman; lilac bushes and spirea, Mrs. John Jennings; flowering quince, cotoneasters and yellow mums, Dr. Leta Boswell; iris, Mr. and Mrs. Guy Tabor; chrysanthemums and other plants, Mrs. Jeannette Robbins; Mr. and Mrs. K. E. Hines, chrysanthemums; Mrs. John Matthews, iris.

Hillier said the club hopes to have the ground ready for transplanting of flowers by this weekend. The city is cooperating in this phase of the project. The project will be discussed by another club in its April meeting.

Chamber of Commerce Plans April 3 Meeting to Explain Proposed Charter

The provision of the proposed city charter for Canyon will be explained at a membership meeting of the Canyon Chamber of Commerce April 3 in the Blue Room of the college cafeteria.

Speaker for the occasion will be Bob Wear, chairman of the charter commission which is working on the charter. The commission has approved a tentative draft that has been sent to the Texas League of Municipalities for checking.

When it is returned, it will be considered again by the charter commission for final adoption. After that time, it will be printed for distribution to every voter in the city, and a date for the election to approve it will be set by the city commission.

Chamber manager Roland Black said that the April 3 meeting is open to all members of the chamber of commerce, and it will be a Dutch luncheon costing \$1.25 per plate. He said all who plan to attend should notify him by April 2 so that the right number of places can be set up.

Black also said that if the meet-

ing proves a success and the membership is interested, regular membership meetings will be held to hear other important issues of the town discussed.

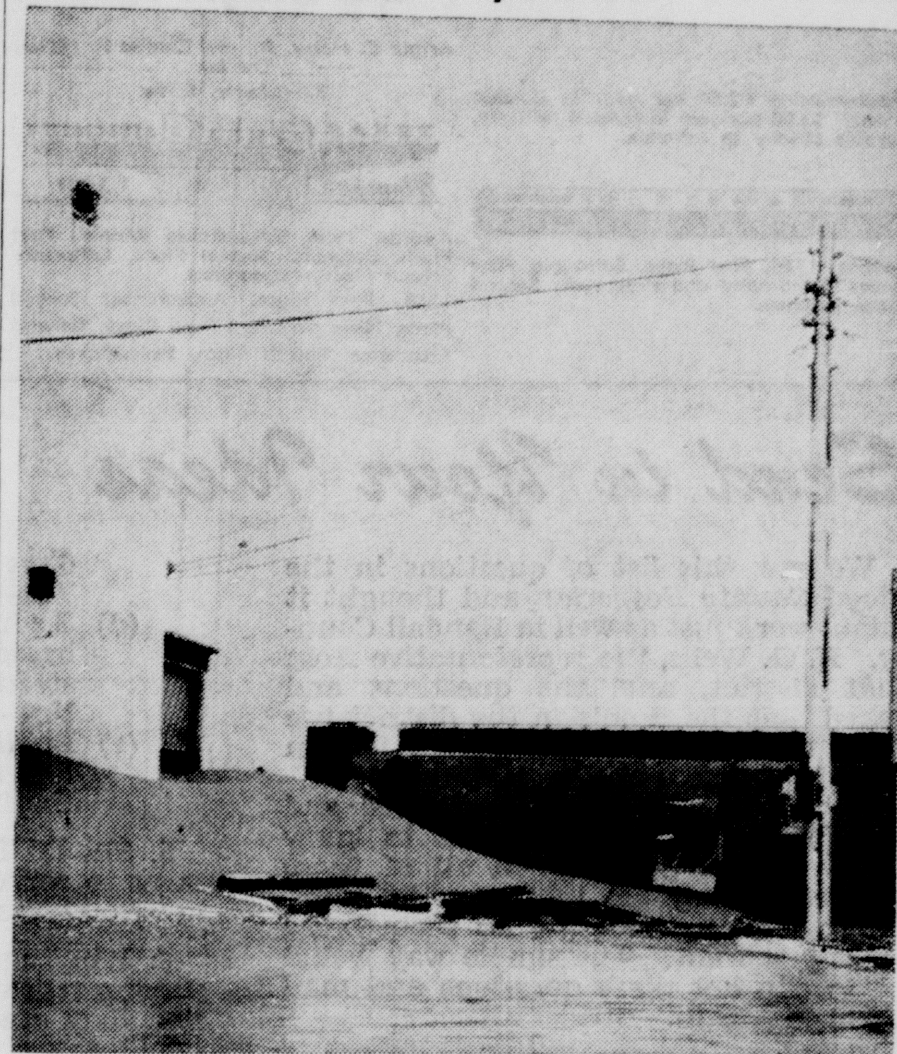

When the proposed charter is finally adopted by the charter commission, the Canyon News will present explanations of its provisions. The chamber is also studying the idea of having a town meeting to explain the charter before the election.

State FB Officer To Speak Tonight

The small grains problem will be discussed tonight at the Farm Bureau building by J. H. West of Bishop, state president of the Texas Farm Bureau Federation.

The meeting will begin at 8 p. m. West will also discuss related farm problems. Everyone is invited to attend, according to R. B. Gist Jr., president.

Wind Dumps Drier

High winds Friday afternoon overturned a grain drier at Consumers Fuel Association elevator. When the drier shifted, it pulled the spout loose and milt began dumping out of the hole in the bin. In all, about 30,000 bushels piled on the ground but much was recovered. The high winds blew some grain out across the railroad tracks, though.

Stadium-Finishing Contract Let By WT Board of Regents Tuesday

Construction on the east side of the new Buffalo Stadium will begin soon. A contract for the construction was awarded by the board of regents in Austin Tuesday.

Bids for constructing 10,000 seats and other facilities were opened two weeks ago, with Neill Singleton Construction Company of Amarillo bidding lowest. The Singleton bid was \$312,469. The bids were reviewed and awarded Tuesday.

It is expected that the stadium will be completed before Sept. 26, the day of the first events planned in the stadium. On the afternoon of the 26th, the golden anniversary convocation will be held. That night the first football game in the stadium will be played with the University of Arizona.

Dirt work and grading for the east side was completed in the

original contract, which also paid for installing the west side seats, press box and lights.

Red Cross Drive Still Underway

The door-to-door canvassing for the Red Cross membership drive is still underway, and workers are requested to turn-in funds collected to Levi Cole, Randall County chapter treasurer, at the bank.

Dr. Ford Fronabarger, county chapter chairman, listed other workers, in addition to those listed last week, and expressed his appreciation for their help. They include Mrs. Letha Fullerton and Mrs. C. V. Conatser, president of the County Home Demonstration Council, and the volunteer workers in the individual HD clubs.

Turn In Reports

Mrs. Ann Batson turns in telephone reports to Truett Hull to set the wheels of Southwestern Public Service trucks to rolling. This happened during Friday's storm.

But there was still lots of trouble. The primary circuits—the ones which serve large areas—were back in operation, but many secondary circuits were still out of shape. The secondary circuits are those that run from small alley transformers to houses.

The next priority of repair was to fix those secondary circuits that served a number of houses. There is where the calls came in handy again. By grouping the reports from customers, it was possible to do up which transformers or lines were out.

One lateral line off the East Rural was out—a line that serves a half-dozen houses. A two block area just east of the highway was

out because of two blown transformers. The two-block area from the west side of the square back to the Presbyterian Church block was still out because of the cut-down wire.

Out in the country, especially to the north, quite a few houses were without power. Along the city lake road, two circuits were all messed up because wires were down. And there was still the break just west of town and down to the Canyon City Club.

There is a state law that line crews may work no longer than 16 hours at a stretch, then must take eight hours off before working again.

At 10 p. m., SWPS manager

Truett Hull began sending crews to bed. First went Gabe Thompson, Max Brummett and Rodney Rhoads. They were to report back at 6 a. m. At 1 a. m., Wiley James, Dick Ziegler, Joe Grady Crowley and Cecil O'Donald had to quit work. They were to report back at 9 a. m.

At 10 p. m., when the first three went to bed, the remaining four men began working on what could be fixed in the next three hours. One crew went north to the city lake road to patrol the line and see what could be done. The other went east to the broken lateral.

Nothing could be done about the north line, but the east lateral

Cont'd on Back Page, Sec. 1)

What Happened Friday

Telephone Calls Start Reaction

What happens when the lights go off and you call down to the public service office? On days like last Friday, it probably seems like nothing happens.

But let's take last Friday, and see what happens. To start off, let's see what happened to the lights in the first place.

Southwestern Public Service Company has four main circuits in Canyon. They are named City Circuit No. 1, No. 2, East Rural and West Rural. City No. 1 runs down the Third-Fourth Avenue alley from the substation at the west end of town to the college, and serves the north half of town and the college.

City No. 2 serves the city south of Fourth Avenue, except that portion which is east of 23rd Street. East Rural serves everything east of 23rd Street, except the college, and goes as far out as the Palo Duro Park. It also serves north-east and southeast of town.

West Rural serves everything from Canyon to Umbarger and Dawn, both north and south. There are some exceptions in the circuit layout, but generally that is the plan.

And here's what happened. The wind started bouncing wires together, and at 2:50 p. m. Friday three of the four main circuits were short-circuited. The automatic switches on the transformers in the substation flew open and

stayed. The short circuits came from broken wires, wires wrapped around each other and broken cross arms.

The power company was besieged with calls. And they were glad to have them. They knew the circuits were out, because the automatic switches have alarm bells that ring in the office. But they didn't know why.

There is a plan for restoring power in emergencies, and the first priority goes to water services. That wasn't affected Friday, so the next priority was taken up—emergency services such as hospitals, police radiois and the like.

Neblett Hospital was cut off in the storm. In order to restore power there, the lines running in that alley were isolated by pulling switches in other areas, and emergency switches near the Church of Christ connected the hospital alley into Circuit No. 1.

With the hospital taken care of, the next order of business was to see about the three main circuits. Circuit No. 2 was broken in two places. One was in the 1700 block between Seventh and Eighth and the other was in the alley behind the Presbyterian Church.

The linemen could see that the Seventh-Eighth break could be spliced quickly, but the break by the church would take quite a while to fix. So the one break was spliced, and the other was

isolated by cutting lines down. They threw the switch at the substation, and Circuit No. 2 was working again.

There was a report that lines were down west of town on West Rural, and they were the primary line. Nothing to do there but open switches at the west side of the break and drive quickly to Wildorado and close switches to feed the rest of the line from Wildorado.

That took care of Umbarger and Dawn and part of the north section of West Rural. That left East Rural.

There was a break in the line on Fourth Avenue. That was spliced, and part of the line was cut because it could not be repaired quickly. The lights on East Rural flickered on, then went off again. And the phones began to ring again.

Another wire had broken, this time in the 2700 block of Fourth Avenue. Back to splice it up. In an hour or so, the lights went on again. But the workmen had been forced to leave the neutral wire laying on the ground. In a few minutes, the power was turned off so the neutral could be spliced and pulled off the ground. This time the lights went on and stayed.

The four main circuits were operating again.

That left one major area without power. The area on city lake road and down the VFW road was

Send in Your Ideas

We saw this list of questions in the *Floyd County Hesperian* and thought it might work just as well in Randall County. H. G. Wells, the representative from that district, sent the questions and asked that the people in the district use them to let him know how they feel on questions before the legislature.

No doubt Sen. Grady Hazlewood and Rep. Ted Springer would like to know how you are thinking on all of these subjects. They are in Austin to represent you, but you must let them know what you want. The simple way would be to clip out these questions and mail them to Austin.

- Are you for an increase in funds for:
 - Old Age Assistance? Yes—No—
 - Cotton Research Program? Yes—No—
 - State Hospitals and Special Schools? Yes—No—
 - Texas Prison System? Yes—No—
 - State Employee Salaries? Yes—No—

2. As a means of reducing our state financial deficit and to provide revenue for new appropriation measures, would you support:

- General Sales Tax? Yes—No—
- State Income Tax? Yes—No—
- Increase in Gasoline Tax? Yes—No—
- Increase in Automobile Sales Tax? Yes—No—
- Manufacturer's Gross Receipts Tax? Yes—No—
- Increase in Cigarette Tax? Yes—No—
- Increase in Beer and Liquor Tax? Yes—No—
- Natural Gas Tax? Yes—No—
- Increase in Ad Valorem Tax? Yes—No—

3. If you favor economy in the state government, with no increase in taxes or services, where do you suggest we economize?

Public Schools—Highways—Hospitals and Special Schools—Public Welfare—Others—

4. Do you favor enactment of the Hale-Aiken recommendations?

- Higher public school teacher salaries? Yes—No—
- Higher college teacher salaries? Yes—No—
- Increase school year from 175

Cleanup Coming

Get ready for a bang-up Cleanup Campaign in Canyon this year. The date has not been set exactly, but it will be early in May.

The Chamber of Commerce has really made plans, with a contest and cash prizes for winners. The campaign this year will include cleanup, paintup, fixup and plantup.

Canyon, just as any other town, needs a good spring cleaning every year. You don't have to wait for the campaign to start, but you shouldn't wait any later.

What Our Neighbors Say ...

Scissor Snippings

Jimmie Gillentine in the *Hereford Brand*: And speaking of weather predictions, I was reading about two scientists, working in a huge observatory and surrounded with tons of delicate instruments. One was looking through a huge telescope, when he shouted:

"Hey, it's going to rain!"
"How can you tell?" asked the other, crowding in closer for a peep.
"Because my corns hurt," answered the observer.

Paul Loftin in the *Panhandle Herald*: Saturday's duster brought back memories of the '30's. One readily recalled certain choice phrases used to describe the vitamin K.

Gracious, it was messy. It reminded one that perhaps the Post Office Department and Santa Fe had ordered it to show their wrath against a small city that decided KICKING was not a just treatment for precious first class mail.

Cecil O. Wagoner in the *Claude News*: Editor B., wife and Lynda Sue spent a pleasant Sunday afternoon visiting the Canyon Museum. Lynda was thrilled at everything she saw and was especially fascinated over the stuffed steer and

horse in the museum. When they came to the wax cowboy, she turned to Editor B. and said, "Daddy, is he stuffed too?" It's a logical thought.

Harold Hudson in the *Ochiltree County Herald*: The Chamber of Commerce membership drive is underway again, with about half of the budget subscribed so far. As happens every year, there are members who demand to know "What has the Chamber done for me lately?" and use this as an

days to 180 days of instruction? Yes—No—

- School attendance payments based on the current year instead of the past year? Yes—No—
- English instruction to non-English speaking children prior to the first grade? Yes—No—

5. Should Texas offer some tax advantages to corporations planning to locate in Texas? Yes—No—

6. What age do you think minors, presuming repeated offenders, should be before they are tried for crimes? Age—

7. Should the REA be allowed to continue to serve customers for 10 years where the customer is annexed to a city? Yes—No—

8. Should the state regulate maximum hours and minimum wages of city policemen and firemen? Yes—No—

9. Should capital punishment be abolished? Yes—No—

Wow! What a Wind

That headline just about sums up Friday's weather. We heard of breezes up to 80 miles an hour in Amarillo during the storm, but we don't know of anyone around here who has an anerometer.

For all we know, the wind got up to 180 miles an hour here—and that surely takes it out of the breeze class. We lived through it without too much inconvenience, and so did you. But, did you realize ahead of time just how dependent you are on electricity? We didn't.

Is It True?

An astute acquaintance of ours (from out of town but interested in Canyon) observed last week that Highway 87 divides Canyon into town and gown, and that as time goes on, the split will grow greater.

He observed that there is nothing to heal the split and inferred that anyone interested in attracting college students must locate east of the highway.

As we see it, he is correct. The highway does split the town or at least it provides a boundary. But we feel the split can be healed.

It can be healed by the people involved. The town must help the gown, and the gown must reciprocate. A lot of that cooperation is going on now, but not enough. We've got to look on Highway 87 as an easy way to get back and forth, not as the Great American Desert. Only people can do that.

I GIVE YOU TEXAS By BOYCE HOUSE

More recollections of the winter of 1920-21, spent in Cotulla at the Travelers Hotel:

The hotel guests, "regulars" and those who spent one night under the roof of the Travelers Hotel, were an interesting study and many of them I can recall 38 years afterward. There was an oil stock salesman named Snow from Chicago; a member of the legislature from Houston—his name was Hall; a big man with clipped mustache who was a spinach buyer; a lawyer who was a former member of the legislature—he was of German descent and spoke with a decided accent; his name was Burmester, or something similar, a widely-read and interesting conversationalist. He confided that he had never tried to get rid of the accent, implying that before a non-Teutonic jury, it created sympathy for his client because they felt the attorney was handicapped by an imperfect command of the language, which was far from the case.

Another guest was a wealthy, middle-aged widow whose husband, an Oklahoma oil man, had been shot to death and the slayer was serving a life sentence. Then there was a likeable young Irishman, with white teeth, dark mustache and ready smile, who spoke fluent Spanish and who attended every performance of a tent show in the Mexican quarter.

Still another was quite generous with information about himself. He had, he said, been a federal judge but had resigned and he was a friend of Senator Bailey and also of former Gov. James E. Ferguson and had contributed to their campaigns.

I did not realize how closely I was studying the guests until some months later, in a Brownwood hotel lobby, I saw the former federal judge and spoke to him, mentioning that I had met him in Cotulla. When he said he did not remember me and could not even remember ever having been in Cotulla, I said, "Then you had better be careful; you have a double" and I proceeded to quote half a dozen things that the man in the Cotulla hotel lobby had said about himself and the "judge" had to acknowledge that the man had been himself.

The most interesting of all the many guests was a soldier of fortune. He related that he had been in Nicaragua and had knocked down the dictator, General Castro, the result being that the "gringo" was thrown in jail with an excellent prospect of facing a firing squad but bribed a guard and escaped.

Mrs. Dowlen Hosts 1925 Bridge Club

Mrs. Glenn Dowlen was hostess to the 1925 Bridge Club last Wednesday.

A salad course was served to Mrs. L. L. Jones, Mrs. Hud Prichard, Mrs. Ray McReynolds, Mrs. Iverson Leake, Mrs. Milton Morris, Mrs. T. V. Crounse, Mrs. Hatcher Brown and Mrs. J. M. Daugherty, members, and Mrs. Cecil Simms and Mrs. R. C. Busted, new members.

Pay as you go and you'll never exceed the speed limit.

Dear Editor,

Surely there are others in Canyon who object to the destroying of the town's "Bandstand" landmark! That it is a traffic hazard certainly need not be true. The available space left would park one car—maybe two. There are numerous things the stand could be used for at the present time if one should put one's mind to the task. Let the reason for its being suffice for its remaining.

To a new-comer in town (we had this experience as a new-comer) the bandstand represents the nostalgic past, which is good. One sees gay picnickers on the court house lawn—pink lemonade of the Fourth of July—and the band played on!

We say fly a flag from its top and let the "Bandstand" stand.
Bernice Kimbrough

Texas Press Association

A possible shaft of light has pierced the murky tunnels of legislative tax study in the form of an "in-between" type money raising bill.

An omnibus tax measure introduced by Reps. R. L. Strickland of San Antonio and Wesley Roberts of Lamesa would tax a raft of things not previously hit, but avoid the label "general sales tax." It is regarded as a possible compromise between Gov. Price Daniel's tax program and Rep. Frates Seeligson's general sales tax, neither of which have attracted widespread support.

Strickland and Roberts estimate their proposal would raise from \$200,000,000 to \$300,000,000, an impressive sum even in the face of current huge needs.

New tax sources it would tap include sales of real estate, bonds, debentures, corporate stocks, transportation of persons and commodities, occupancy of a retail establishment, hotel and motel use, and trading stamps. It would increase the natural gas production tax and raise sales taxes on new cars, cosmetics, playing cards, radios and TV sets and raise taxes on tele-

A real diplomat is a man who has the ability to convince people that they want what he wants them to want.

WT Dean Lists Degree Seekers

A large number of the 315 candidates for degrees at spring graduation time at West Texas State College are from Canyon. The list has recently been released by Dean Walter H. Juniper.

Candidates for the Master of Arts degree include Charlotte Brantley and Harriett Kaplan. Master of Education candidates include Mary Green Cooley and Ila Slack Jennings.

Bachelor of Music Education candidates include Norris Samuelson. In the list of candidates for Bachelor of Arts are Barbara Bagley, Mary Sue Hicks, Carol Ann Holman and Morna Hornady.

Bachelor of Business Administration candidates include Al Myers, Richard Pruett, Bailey L. Reece and Elvin Schofield.

Listed among candidates for Bachelor of Science degrees are Ina Beth Boothe, Johnny Burkette, Maurine Coke, Bobby Davis, Everett Glynn Gregg, Larry Griffin, Richard Hatfield, William Henderson, Lugenia Hubbard, Larry Hunge, Alby King, Alby Kuehler, James W. Kuhlman, Ken Kuykendall, Baillie Jack McCormick, Mary

tax.

First Hurdle Cleared

Texas public school teachers won the first round in their campaign for an \$800 a year pay raise.

Senate Committee voted favorably on the \$107,800,000 public school improvement program recommended by the Hale-Aiken Committee. Teachers' raises would account for the bulk of the cost, about \$80,000,000. Other items would include lengthening the school year to 180 days, increasing transportation allowances, programs for the academically gifted and for non-English speaking children, driver education, etc.

Some 3,000 teachers, plus many citizens from other walks of life, came to the Capitol in behalf of the bill.

Warm Issue

Another crowd-getter was the Senate hearing on the bill to reduce maximum working hours of firemen and policemen.

With feelings running high, the committee voted to send the bill to sub-committee for a week's study. Same bill was voted out favorably by the House Committee.

Texas Municipal League is strongly opposed to the measure which they say is about as palatable as having the federal government set wages and hours for Texas Highway Patrolmen. League's counter-measure would abolish state regulation of city firemen and policemen.

No Peace on the Trinity

State Board of Water Engineers is caught in the middle of a king-sized struggle over Trinity River water.

Houston asked the Board for a permit to construct a dam at Livingston and impound some 1,750,000 acre feet of water.

Trinity River Authority was joined by Dallas, Fort Worth and other Upper Trinity towns in howls of protest over Houston's "water-grabbing." TRA filed a petition asking that Houston's application be dismissed and also filed an application for the same permit Houston is seeking.

A hearing on Houston's application had been set for April 6, but the North Texans are asking for delay. Indications are that such a set-to between Texas' major cities probably cannot be settled for some time.

Higher Tuition Asked

Commission on Higher Education is recommending the Legislature adopt a new system of automatic tuition increases for state-supported colleges.

By the Commission's formula, tuition would be in proportion to the college's spending. If legislative appropriations to the college went up, so would tuition.

It was estimated the formula would raise present tuition for in-state students from \$100 a year to about \$125 to \$137.50.

Many students protested that the hike would be an undue hardship on the 65 per cent who earn part or all their college expenses.

Don't Stop Now

Gov. Daniel's Statewide Water Committee is asking the Legislature to restore proposed cuts in the Water Board budget.

Governor Daniel told a meeting of the statewide water group that water development in Texas needs all the \$1,700,000 asked by the Water Board. Legislative Budget Board recommended only \$900,000.

Daniel said he felt more water planning had been accomplished in the past two years than ever before in the state's history. To cut back now, he said, would amount to "complete surrender" to federal control.

Hands Off Ladies' Bill

Atty. Gen. Will Wilson nimbly side-stepped efforts to get him to rule on the proposed equal rights for women amendment. Seniors had dodged the issue by asking for an attorney general's opinion on how the amendment would affect existing legislation concerning women. Wilson said the question was too general and that he didn't feel he should tell the Legislature what it should do.

First white men to set foot on Texas soil were Alvarez de Pineda and his followers in 1519.

Prof Addresses Sue Hite Club

David R. Mathis, assistant professor of government at West Texas State College, was guest speaker when the Sue Hite Club met Monday in the east room of the Panhandle-Plains Historical Museum.

Mathis spoke on the different forms of city government and explained the kind of government Canyon would have under a home-rule charter. This could be a council-commission-manager form in which a city manager is hired by the city commission to administer the city's business. By this method, politics would be separated from the administration and would make for more efficient form of government.

Mathis summed up by saying that a government depends on people who administer it. This calls for the election of good commissioners and the hiring of a competent city manager.

He was introduced by Mrs. J. E. Flynn.

Refreshments were served by Mrs. M. B. Measamer and Mrs. David Kaplan.

Mr. and Mrs. L. D. Herrell are visiting old friends in Canyon this week. Mrs. Herrell is the former Ernee Conner, and is the daughter of the late L. G. Conner, founder of Canyon.

Return Addresses Should Be Used

Effective mail service cannot be given if the mailer follows the contention that it is socially wrong to put a return address on announcements of weddings, births, and other important occasions, according to Marion Higdon, postmaster.

Actually, the return address serves a dual function, Higdon said. It is a convenience to friends who have lost the mailer's address and it is an insurance that the item will be returned if it cannot be delivered.

If a return address is not used and the principal address is insufficient or incorrect, the item goes to the dead-letter office. If the address inside is insufficient to make return, then the sender gets the letter or package back with a penalty fee attached.

If the information inside is not sufficient, then the item is disposed of according to postal regulation.

The Post Office Department is

Buddy Knox Cancels TV Appearance

Buddy Knox, originally slated to appear on Dick Clark's American Bandstand Saturday, will not appear as scheduled. He and his bride are visiting his parents here. He will be rescheduled for Clark's ABC-TV show.

anxious to give the most satisfactory service possible and to aid in avoiding misunderstandings caused by announcements not being delivered.

Failure to use a return address because of suspected social propriety is akin to not purchasing fire insurance on one's home because the neighbors would regard it as a mercenary gesture, Higdon said.

Anyone having questions is asked to call OL5-2507.

Percentage of accidental deaths in the U. S. has gone slowly downward since 1913 when the National Safety Council was formed.

Dr. Lowes Urges Cancer Donations

Ten years ago, most children with leukemia had only a few weeks or even a few months to live. Today, research advances have sent many of these children back home and to school for many months — a year — or even two or three.

So says Dr. Ruth Lowes, president of the local cancer society. "These children live on borrowed time while science seeks means to save them," she said.

The American Cancer Society is currently spending over \$1,500,000 per year for research related to leukemia. Millions of dollars more must be invested to defeat this enemy which kills 2,000 children and 9,000 adults each year, she said.

"Help research find the answer to save these lives. Give generously to the American Cancer Society," Dr. Lowes urged.

Cooper's MARKET
Fine Foods

Live High on Hog in April

The current supply of pork is sufficient to rate the feature spot on the U. S. Department of Agriculture's April list of plentiful foods for this area.

The list also includes many other energy foods that go well with increased spring activity. Lamb has taken a spot on the list. Broilers and fryers continue plentiful, as do eggs, milk and other dairy products, peanuts and peanut products. And with pork plentiful, lard is too.

Potatoes, cabbage and canned peas are still sufficiently abundant to rate the plentiful tag.

Honey and walnut supplies also continue plentiful and they complete the April list.

The monthly list of plentiful foods is supplied by the USDA through the southwest food distribution division of the Agricultural Marketing Service, after national and local supplies are determined. Only foods in heavier supply than normal make the list.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18TH CONGRESSIONAL DISTRICT

50 States by July 4th

It seems that the long battle on Hawaiian Statehood is over. I have written a number of newsletters on the subject of Hawaii attempting to become a state. The action of the Senate and the House last week approving statehood for Hawaii ended the long battle, and Hawaii will unquestionably be a state before July 4th.

Further reports on the subject will concern the activities of Hawaii as a state, rather than as a territory attempting to become a state. The proponents of statehood hope to have everything in order so that Hawaii, along with Alaska, will be recognized on July 4th as being entitled to designation in the flag of the United States as a full-fledged state.

This will mean 50 stars rather than 49. The flags which have been manufactured with 49 stars

will, no doubt, become collectors items.

Most of you know of my opposition to the admission of both Alaska and Hawaii. Contrary to many news stories portraying the opposition as being interested in racial matters, voting strength, and other surface items, the actual opposition of the sincere opponents was based upon the fundamental proposition stemming from the fact that both Hawaii and Alaska were separated from the other 48 states by the high seas, in the case of Hawaii, and by the high seas and foreign territory in the case of Alaska.

In both cases the territory separating us from Alaska and Hawaii was territory over which we did not have exclusive jurisdiction. In the history of governments in the world, the creation of statehood status for Alaska and Hawaii found no precedent. In other words, it has never been tried before.

Basically, that was the premise upon which the opposition was based. Those of us who opposed the move to the end felt that the present is not the time to be embarking upon experiments in the philosophy of government—namely for the reason that we are told daily that our philosophy of government is face to face with the greatest challenge in the history of man—namely communism.

However, since by the application of democratic processes the decision has been made to embark upon this new political sea, certainly those of us who opposed the move yield to the decision of the majority and will endeavor by our greatest efforts to make the venture an outstanding success.

We all hope that the great merrymaking and rejoicing, which took place in the Hawaiian Islands when passage of the statehood bill was announced, is fully justified, and we shall work toward that end.

The Berlin Crisis

Turning to the other side of the world, we do not find rejoicing or merrymaking. Rather, we find despondency and fear. We find tension at a high pitch—the result of the bomb that has been set by Mr. Khrushchev in his demand that allied forces depart West Berlin by May 27.

The sentiment in Washington is mixed. Many feel that our foreign negotiators have permitted us to slip into a trap. Others feel that the matter can and will be worked out. This latter group subscribes to the policy that Khrushchev does not consider his position with regard to West Berlin of sufficient importance to trigger a war. Others feel that Khrushchev has spotlighted the Berlin situation because the Russians are planning to move forward at some other spot.

A review of Russia's activities in the past would indicate that this latter group could be right. Whatever analysis is correct, we are sure of one thing.

If Khrushchev undertakes by force or otherwise to effect a removal of the allied forces in West Berlin, he will be in violation of both the Yalta and Potsdam Agreements. This is something that cannot be avoided by anyone but the USSR. The integrity of any nation, like the integrity of an individual, is within its sole con-

Wayside News

The Rev. Richard Brewster filled his appointments Sunday.

The Guy Watson family and Mr. and Mrs. Melton McGehee were dinner guests last Sunday in the Leroy Roberts home in Tulia.

Mrs. Floyd Adams had surgery in Neblett Hospital on March 12. Those visiting her last week from Wayside were Mrs. Dan Gillham, Bonnie, Daniel and Linda; Charlotte Adams; Mrs. Willie Modisette; Mrs. Robert Adams; Mrs. A. J. Newsom, Mrs. Bill Allen, Mrs. Melton McGehee, Mrs. H. T. Hamblen, Mrs. E. J. Mahler and Mrs. Wiatt Heisler.

Mary Scroggins of Amarillo spent last weekend with the home folks.

Mrs. Dan Gillham and children and Charlotte Adams were visitors in the J. W. McCreary home last Monday.

Olla Etta Gillham and Edith Gillham spent last weekend with their father, M. L. Gillham. Edith expects to leave for Africa soon to take up her work as a missionary nurse. She spent some time there before coming home on a year's leave. She has been in California until recently.

Mr. and Mrs. Herb Franklin of Amarillo were dinner guests Thursday in the W. R. Franklin home. Mr. and Mrs. W. R. Franklin were dinner guests last Sunday in Canyon in the Roy Franklin home. Mrs. Franklin visited her aunt, Mrs. Mary Jenkins, and son, Merle, last Sunday evening.

Mr. and Mrs. Joe Rogers spent last Thursday with their daughter and her family, the Archie Loves, near Hereford.

Mr. and Mrs. W. C. McGehee and Jack were Amarillo shoppers Friday.

KEEP BUSY

If your ship fails to come in, it's time to get busy and help the other fellow unload his.

JUST HUMAN

Most folks find it difficult to do two things at once—the reason so few can forgive and forget.

trol.

It was the lack of integrity on the part of governments in the past that resulted in the violation of treaties and the resulting armed conflicts.

We had hoped, perhaps wrongly, but nevertheless the hope was there, that those in control of the communist form of government, opposed as it is to our basic policies, might realize that basic integrity is indispensable in any successful endeavor; that so realizing, they would honor the responsibilities and obligations incident to solemn agreements entered into in good faith on our part.

Should Khrushchev violate the agreements of Yalta and Potsdam in the Berlin crisis, it will provide conclusive proof of the complete lack of any hope that the communists ever intend to subscribe to or abide by any code of honor.

Mrs. Culp Hosts Jowell HD Club

The Jowell Home Demonstration Club met recently with Mrs. F. E. Culp.

Mrs. Mona K. Hildreth, county home demonstration agent, gave a demonstration on pressing techniques by using such helpful tools as sleeve boards, pressing rolls and pressing hams.

Refreshments of sandwiches, nuts, olives, ice cream and lemonade were served to nine members and Mrs. Hildreth.

Next meeting will be in the home of Mrs. Erbie Powell on April 1.

The Jowell community party will be Friday night in the Jowell Community Center.

FLATTERY HELPS

Every man has an inflated estimate of his good qualities, but he always welcomes higher bids.

Geographic center of Texas is near Brady in McCulloch County.

Lewis Carroll made up "Alice in Wonderland" to amuse three small girls on a boating trip.

Ivory has been a favorite material for art work since earliest times.

Students Favor All School Picnic

Patter

The winning name that was chosen for this column was sent in by Margaret Juniper. Margaret will receive the prize of \$5.

I wish to thank all of you who sent in the many names. It was gratifying to have so much response to the contest.

Many of you who visited the Teenage Art Exhibit will remember a painting of horses done by Martha Maddux. This picture was sold recently to Mrs. J. C. Whittington. This is the first picture that has been sold at the art exhibits by the Canyon Public Schools.

There are some new smooth sounds being played by Canyon High's own Rock 'n Roll Band, The Lonely Ones. All but one of the band and quartet members are members of the junior class. The band has a recording contract with Norman Petti of Clovis. On May 16 they will record two numbers, one written by Mike Poole and the other by John Wear.

Members of the band are Don Guill, piano; Howard Lisle, first rhythm guitar; Mike Poole, second rhythm guitar and vocalist; John Wear, lead guitar; and Howard Mundy, drums.

Quartet members are Jimmy Killingsworth, Neal Lemons, Richard Purcell and Jerry Smyrl. John Wear is sometimes included in the singing group and Chuck Nester plays the piano.

One of the new policies proposed for Canyon High School is to discontinue the All School Picnic because it cannot be counted as a school day. A survey of students at CHS showed that they would be willing to attend school one more day each year in order to have the All School Picnic. One reason given by those interviewed was that the picnic is the only time all of the students and teachers can be together in a less formal atmosphere than at school. Besides being just a lot of fun, the picnic is usually the first time the students go to the canyons in the spring.

The students mentioned only one suggestion for improvement. They suggested that all students should ride to and from the picnic area in buses provided by the school. This would prevent students from bringing their own cars. One girl felt the group needed organized hikes for the prevention of lost happy wanderers and snake bites.

It was noted by a few bulging eyes that five senior boys attended play practice and the show in Bermuda shorts one night last week. Consensus of opinion was that they looked like five year olds.

Alex de Schweinitz and Tully Currie, sixth grade students, entered the Second Annual Science Fair in Amarillo. They submitted a question and answer board of inventors and inventions. Their adviser on the project was Mrs. W. F. Haggard.

There is a book in the Canyon High School Library which reads "Have Space Suit—Will Travel."

—PAT HALEY

Now we HAVE heard everything . . . an electric toothbrush! "Removes the drudgery from brushing teeth," scientists say.

Soon all Junior will have to do is . . . but you know the rest. Electrical time-savers are already jamming the household closets. To get around this problem, inventors and testers of the electric toothbrush don't plan to release it for general sale until they figure out a way for Junior's brush to be detached so Sister, Mummy and Dad can use the same motor.

Now as we see this one, the owner of the teeth still has to go to the bathroom lavatory, get his brush out of the holder, dab some soap or powder on it, put it in his mouth, and hold the handle. Only actual saving of energy is in the up-down-and-around motion he makes with his wrist as he cleans his molars. This is offset by the additional time it takes to yell at Junior to come take his brush off the holder so the next fellow can use it, then attach one's own brush and plug in the device.

Furthermore, the only interesting phase of brushing teeth, ever, as far as we're concerned, was the vigorous motion of swabbing down the enamel and getting that clean taste in one's mouth after meals. The prospect of transporting germs from the rest of the family by way of a community holder doesn't seem much more attractive to us than borrowing another's toothbrush.

We're still waiting for ad writers to wake up to the fact that America suffers from psychological pampering. About half the problems

Fairview Breezes

We have been having our share of wind and dirt the past 10 days and there has been no moisture.

Mrs. Serena Bryan and Tom Rogers have been suffering from severe colds.

Virgia Liston visited relatives in Plainview Thursday and Thursday night. She returned home Friday.

Mrs. Jim Williams was confined to a hospital recently but is able to be home. Her mother-in-law stayed with her a few days after she was released.

Mr. and Mrs. G. E. Wesley and Nan Earyle Gauthreaux attended the basketball game in Tulia Tuesday evening. The Dolls and the Flying Queens were the rivals.

Mrs. Woodrow Wesley visited a short time Thursday with Letha Patterson.

Johnnie, the baby daughter of Mr. and Mrs. Charles Wilson, has been quite sick with a cold.

Irrigation is underway in our community.

M. C. Northam and Anzelette Gray were married March 14 in Virginia. They plan to visit his parents, the D. L. Whitsons, after he gets out of the Army March 17 or 18.

The "42" tournament was moved to the G. E. Wesley home Saturday evening. Four tables were in progress throughout the evening. Richard Evans won high for men, with Nan Earyle Gauthreaux winning high for women. The next, and last, tournament will be in the E. W. Schaeffer home this coming Saturday evening.

Charles Pierce preached for us Sunday morning and evening. He and his family and a brother-in-law visited the H. H. Shipmans at the noon hour.

Mr. and Mrs. Frank Rogers visited Mr. and Mrs. J. W. Wesley Sunday.

In our current society appear to arise from the fact that much of the zest has gone out of everyday living because it's all too custom-made.

An electric toothbrush, indeed!

Mrs. Williams Hosts Sunny Hill HD Club

The Sunny Hill Home Demonstration Club met in the home of Mrs. Robert Williams recently for a demonstration on pressing by Mrs. Mona K. Hildreth, county home demonstration agent.

Mrs. Hildreth told the members that, as they became more skilled in pressing, they might substitute pressing for basting a garment in construction. She demonstrated pressing seams, darts, piped or corded buttonholes, edges of facings, collars, cuffs and sashes.

Mrs. O. O. Henry, president, called the meeting to order, and Mrs. R. B. Gist Jr. read the minutes from the last meeting.

Refreshments of strawberry cake and hot spiced tea were served to Mrs. Hildreth, Mrs. Henry, Mrs. T. T. Henry, Mrs. Gist, Mrs. D. L. Allison, Mrs. E. W. Miller and Mrs. Robert Williams, the hostess.

The April meeting will be held in the home of Mrs. D. L. Allison.

UP!

The wider the track... the steadier the stance... the better the ride!

YOU GET THE SOLID QUALITY OF BODY BY FISHER.

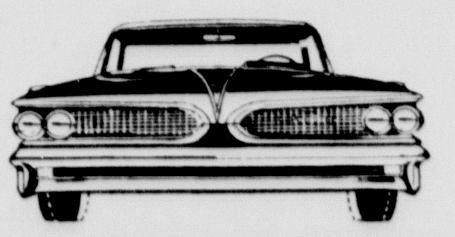

Slide in behind the controls of this gorgeous automobile, pull away and feel what happens—or doesn't happen—at the first curve or corner. Less lean. Less sway. Wide-Track Wheel design is the reason. No other car, only Pontiac, has it. The wheels are five inches farther apart. This widens the stance but not the car. You're steadier, balanced, more secure. Narrow track cars can't match it. This is a big year for Pontiac—with many more to come. It can be your big year, too. Get a bright new Wide-Track Pontiac from a dealer and take it out for a drive today.

WIDE-TRACK PONTIAC! AMERICAN NUMBER 1 ROAD CAR

SEE YOUR LOCAL AUTHORIZED PONTIAC DEALER

STEVENSON PONTIAC

1618 4th Ave. Canyon, Texas

THE ONLY CAR WITH WIDE-TRACK WHEELS

Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens the stance, not the car. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.

Public Service - -

Continued from Page 1

was put back to work about 11:30. Then Hull called both crews back to town to work on the line behind the Presbyterian Church so that the west side of the square would have electricity when morning came.

The fire department helped again there. Paul Lindsey took the light truck into that alley, and lit up the whole work area.

With both crews busy in one spot, and with the men away from the trucks, Hull left the office radio and the telephones about midnight and went out to check damage around town and to fix a few transformers and other one-man trouble spots.

At 1 a. m., the last crews went home, and Hull headed for the country. He found half of the broken line to the west was still good, and switched it on, giving two or three houses power. That better than an hour.

Further north to the city lake road, and a full patrol to the west

—all the way to one mile from the county line. Then back to the office for a short nap—one that lasted from 4 a. m. to 6 a. m.

With line crews back to work at 6, some of the major repair work began. As soon as they could be, the areas left without power were serviced, and almost everyone had lights by 9 a. m.

By no means a complete run-down of the power troubles here, this shows what happened Friday when you called the public service office. The speed in which service was aided by the two-way radio system between the trucks and the office, and the telephone calls from patrons, according to Hull.

He said that it often takes much longer to find line breaks if no patrons call in. One good instance is the trouble with the East Rural line.

The company knew the line was out when the breaker opened in the substation. But why the line was out was another question. Early telephone calls helped the crews locate the first break, and the service was restored. But it went out again in a couple of minutes.

Quickly other calls came in, and the second break was found and fixed. If the calls had not come the crews would have been forced to drive along the line looking for broken wires.

The calls that come into the office, and are taken by Mrs. Ann Batson and Mrs. Betty Wheelchel, are analyzed by Hull. He sits in front of maps showing the distribution lines. The radio is nearby, and Hull tries to figure where failures are located by the calls received.

He radios the crews to check possible breaks, and the crews report back by radio. Telephone calls from customers and the two-way radio made the difference Friday.

County Orders 4 Condemnations

Four more condemnation suits for expressway right of way were ordered Monday by the Randall County Commissioners Court.

Commissioner C. Y. Johnson said he had been unable to settle for the four pieces of land in negotiations with the owners. The suits were ordered against W. D. Clark, Billy Marie Roush, J. W. Roush and Hugh Porterfield.

In another discussion, the court requested an up-to-the-minute account of money in the right of way fund. The court asked Auditor E. T. Cummings to furnish the report for next Monday's meeting.

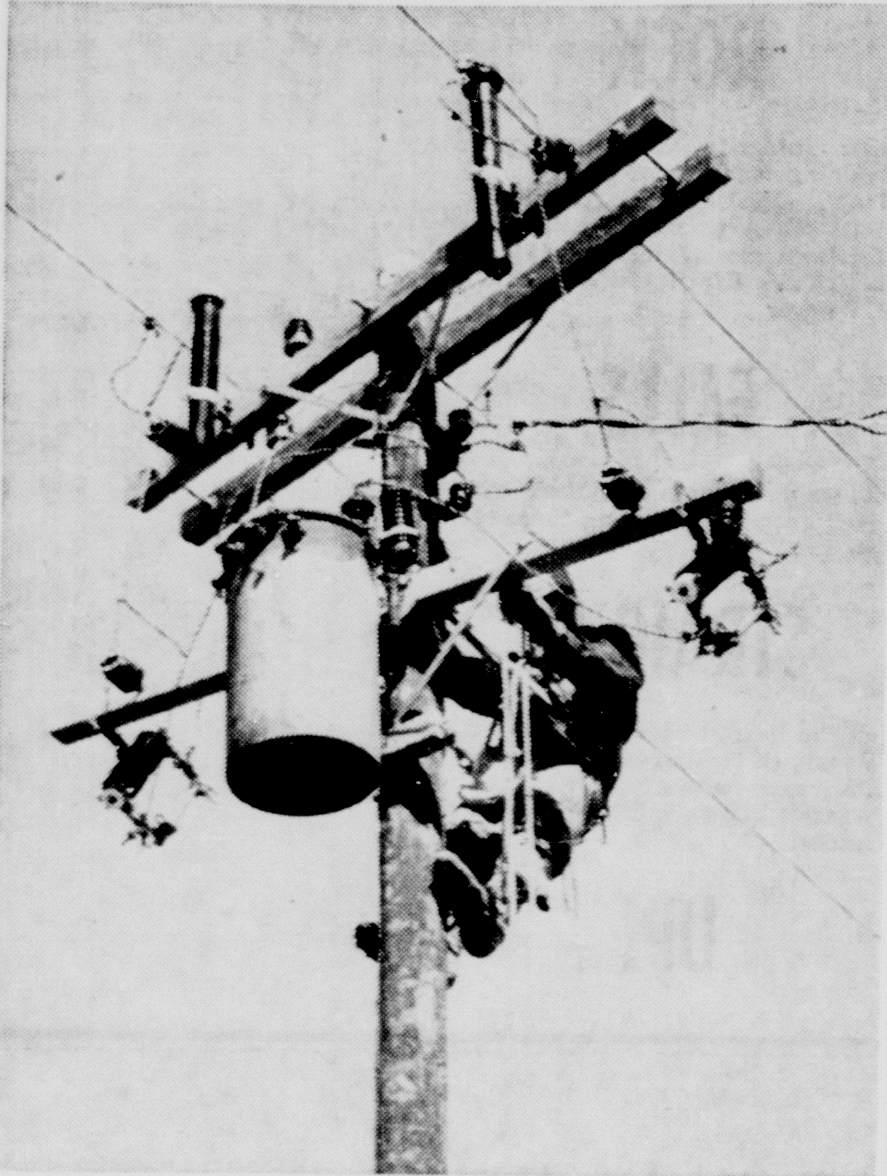

The court said that they expect the right of way fund to be short of the amount needed to finish purchasing right of way, and discussed the possibility of needing a bond election to get the rest.

More than a year ago, the county issued \$250,000 in warrants to purchase right of way, and later refunded the warrants into bonds. The money has been used to make purchases, and about \$30,000 is left. The bonds will be paid out of road and bridge funds.

Using the 50-50 contract with the state, the \$250,000 will buy \$500,000 worth of right of way—but the county must put up the entire amount first and later have half paid back by the state.

Cummings told the court that \$105,699 is still due the county on purchases turned in to the state.

In other action the court appointed Bill Sternberg as County Civil Defense Director. Sternberg replaces Sheriff L. S. Johnston. The court felt that it was unfair to expect the sheriff to direct civil defense in addition to his other duties.

Joe Grady Crowley finishes repairing a broken wire on Southwestern Public Service lines north of Canyon. This picture was taken Saturday, after the storm was over.

SOIL CONSERVATION DISTRICT NEWS

The Great Plains Conservation Program is progressing in the Randall-Potter Soil Conservation District. At the present time there are 10 Great Plains plans being put into operation in Randall County and one in Potter County.

These plans include the following practices: Terracing, diversion construction, waterway construction, laterals, proper use of range-land, location and drilling windmill wells, cross fencing, stubble mulching, construction of dams and range seeding.

The federal government agrees to share in the cost of these practices from 50 to 80 per cent of the total cost of the practices. The farmer or rancher has an option of completing these practices in a three to 10 year period.

This program was designed to help farmers and ranchers plan and apply a complete soil and water conservation planned program on their farm and ranch. The technicians of the Soil Conservation Service assisting the Randall-Potter Soil Conservation District will help farmers and ranchers plan their soil and water conservation practices.

You may use all existing programs and sources of assistance in developing and carrying out your plan, such as the Agricultural Conservation Program and the Soil Bank.

The technicians of the Soil Conservation Service will gladly explain how the Great Plains Conservation Program can help you.

Deputy's Nephew Survives Massage

Robert P. Wilson II is getting over the effects of emergency heart massaging performed last Thursday, according to his uncle, Deputy Sheriff Bill Wilson.

The boy, 13, was undergoing surgery for ingrown toenails in St. Anthony's Hospital Thursday morning when his heart stopped beating. Dr. Ernestine Smith, who was performing the operation, and Dr. Walter Watkins opened the boy's chest and massaged his heart until it started beating again.

Deputy Wilson said he saw his nephew Tuesday and he was getting around, although he is still weak. The boy is the son of Mr. and Mrs. Bob Wilson.

An estimated 1,250,000 servicemen trained in Texas during World War II.

DOUBLE GUNN BROS. STAMPS TUESDAY

WAC Recruiters To Be in Canyon

Maj. Elizabeth H. Branch, Women's Army Corps, will be in Canyon at West Texas State College next Tuesday to inform women of the opportunities available to those currently enrolled in or already graduated from accredited colleges.

College seniors and graduates may apply for direct commission as a lieutenant, WAC. If accepted, they receive five months training and are then given executive assignments in various army posts throughout the United States.

To be eligible for a lieutenant's commission, women must be between the ages of 20 and 33, and have a degree from an accredited college or university. High mental, physical and character requirements must also be met.

A waiver of the college degree may be requested, provided the young woman has completed a minimum of two years of college and has sufficient business experience in lieu of the college degree.

In addition to this program for seniors and graduates, there is a special program for college juniors. They may apply for a four weeks officer orientation program in the summer preceding their senior year. This summer training gives juniors a chance to sample army life without obligation.

Accompanying Major Branch will be Lt. Deloris L. Browning, newly assigned Women's Army Corps recruiting officer for the Tri-State area. Women interested in obtaining additional information may contact the U. S. Army Recruiting main station, 312 East Fifth Avenue, Amarillo.

San Jacinto Monument, 574 feet, 4 inches, is the tallest in the world.

Gets Award

CHARLES E. WRIGHT

Biology Professor To Attend Institute

Charles E. Wright, associate professor of biology at West Texas State, has been awarded a National Science Foundation fellowship to attend the Summer Institute for College Teachers of Biological Science at Oregon State College.

Wright will attend the institute June 22 through Aug. 14 at Corvallis, where emphasis will be placed on current trends and developments in biology. A similar award at Oregon State was held last summer by Dr. Robert C. Busteed, head of the WT biology department.

The institute will present for two weeks study each four fields, with a weekly seminar devoted to current college teaching problems. The four fields include bio-chemistry for biologists, statistics for biologists, speciation and systematics, and animal behavior.

General weekly procedure will involve two morning lectures by outstanding visiting scientists and members of the Oregon State staff. Afternoon sessions will consist of laboratories, demonstrations, discussions, reading, reports, field trips, visitations, informal question and answer periods, and other projects as required.

Wright will receive the regular \$75 weekly allowance with \$15 a week for each dependent, as provided by the National Science Foundation program. He and his family will live in one of the college dormitories.

Wright holds the A.B. from Carthage College and the M.S. from the University of Illinois.

Chairman of the education committee of the Randall County unit of the American Cancer Society, Wright is a member of the Texas Academy of Science, Southwestern Association of Naturalists, Texas

Holland Services Held in Happy

Funeral services for Hugh Lyndon Holland of Happy were held at 2 p. m. yesterday in the First Baptist Church of Happy.

Mr. Holland, 77, died Sunday at his home.

The Rev. Floyd Haddock, pastor, officiated, assisted by the Rev. Walter Hadley, pastor of the First Methodist Church of Happy.

Burial in the cemetery at Happy was under the direction of Warren-LaGrone Funeral Chapel.

A resident of Happy and Wayside areas since 1898, he was a member of First Baptist Church and of Masonic Lodge 1008. A native of Georgia, he was a retired stock farmer.

Mr. Holland is survived by his wife, Ona, of Happy; two sons, L. E. of Happy and H. L. Jr. of Clayton, N. M.; two brothers, J. G. of Oceanide, Calif., and M. L. of Port Hueneme, Calif.; one sister, Mrs. T. H. Stewart of Hobbs, N. M., and four grandchildren.

WT Student Gains Statewide Office

Donald Gill, junior English major at West Texas State College, has been elected president of the Texas Student Education Association. He was chosen at the state convention in Houston Saturday.

Gill, son of Mr. and Mrs. L. B. Gill of Lubbock, defeated a candidate from Texas A&M College. He was one of 10 students from WT to attend the convention.

Gill is a member of Alpha Chi, national honor society, and is vice-president of the English Club. He is historian of WT's Student Education Association and is publicity chairman of the History Club. He is a member of the WT Band.

Association of College Teachers, Sigma Xi, national science honorary, Phi Sigma, Texas Panhandle Audubon Society, and National Audubon Society. He is also a member of the American Association of University Professors and the Schools and Colleges Division, Texas Division of the American Cancer Society.

AIM IN LIFE

Don't expect opportunity to knock at your door tomorrow unless you made an honest bid for it yesterday.

Driest year in Texas weather records was 1917, when only 14.3 inches of rain fell.

Texas' population on July 1, 1955, was 8,657,000.

'Hamlet' Coming To WT Theater

"Hamlet," one of Shakespeare's best known and most often performed dramas, will be presented by West Texas State College's speech department April 22-25 in the Branding Iron Theatre. Scheduled to star Eddie Thomas of Amarillo, the production will be directed by William A. Moore.

The play is in rehearsal after completing the cast, and new costumes, especially made for the show, have been completed by Robert L. Antrim, technical director of the BIT.

In the cast will be Thomas as Hamlet, Mart Hinson of Groom as Ophelia, Scott Glenn of Borger as Claudius, David O'Keefe of Amarillo as Polonius, Jerry Ballew of Perryton as Horatio.

John Wheelock of Canyon as a ghost, Don Essary of White Deer as Laertes, Howard Mundy of Amarillo as Rosencrantz, Mike Hood of Canyon as Guildenstern, Bill Harrison of Canyon, double cast as Bernardo and a sailor, Jack Riddle of Fort Worth as a priest, Leon Stephens of Dumas as Sexton, Truman Laughery of Canyon as Osric and Marcellus.

Penny Cox of Amarillo as Gertrude, Jimmy Haiduk of Panhandle as gravedigger and the Player King, Pina Sturdivant of Matador as the Player Queen, and Pat Hilton of Pampa, Lady of the Court. "Hamlet" will be the third Shakespearean production in the last two years to be produced by the Branding Iron Theatre. Previously presented were "The Merchant of Venice" and "As You Like It."

Slaughter Rites Held in Chapel

Services in the memory of Elmer Oscar Slaughter of O'Donnell were held at 2 p. m. Monday in the Warren-LaGrone Funeral Chapel.

Mr. Slaughter died at 8:30 p. m. Saturday at the home of his daughter, Mrs. Albert Meyer, seven miles southwest of here. He had been living there for the past six months.

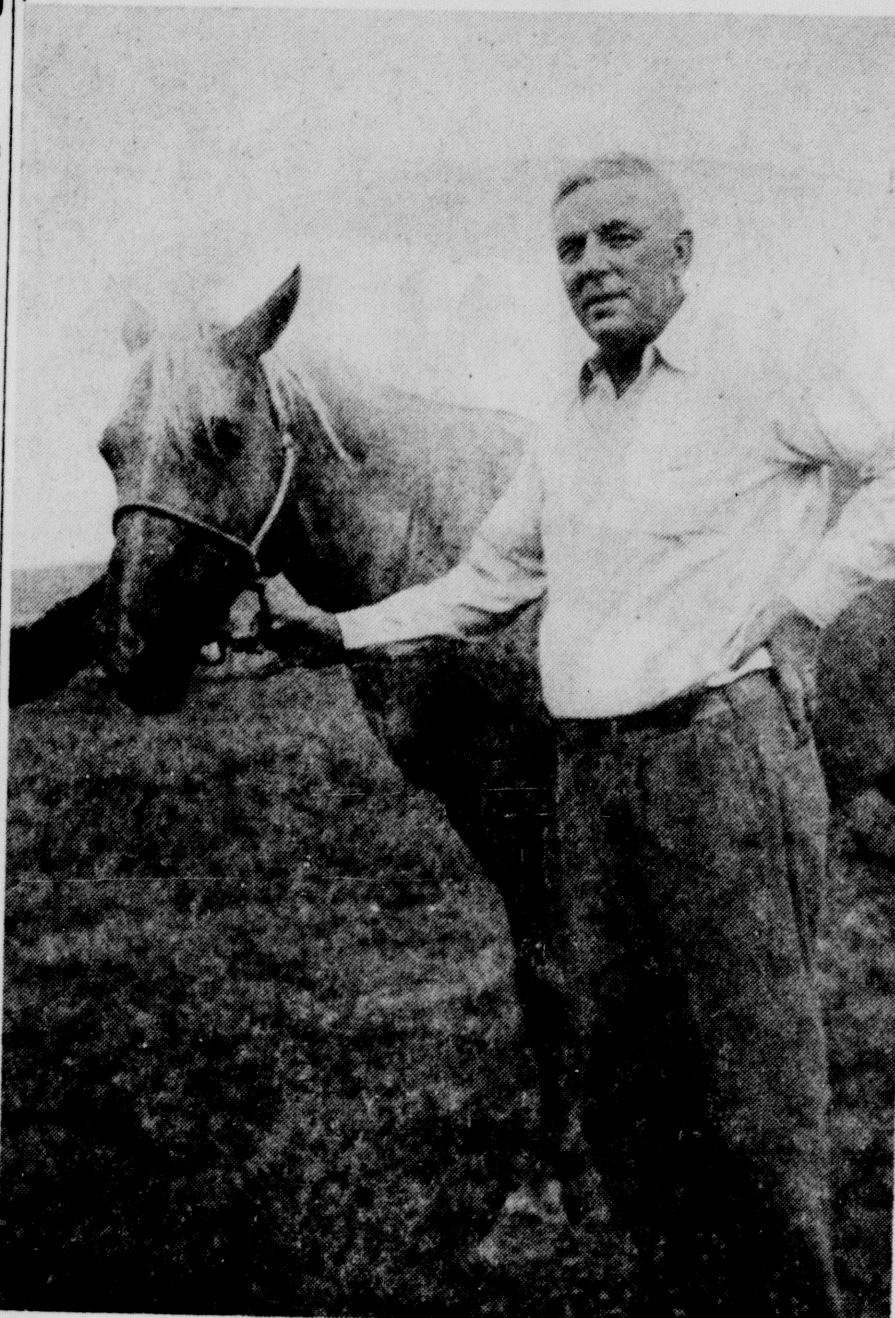

The Rev. Strauss Atkinson, pastor of the First Baptist Church, officiated. Pallbearers were Erwin Meyer, Fred Soll, W. R. Graham, Ira Page, Ervin Bauer, and Dr. Carl Page.

Burial was in Memorial Park Cemetery in Amarillo.

Mr. Slaughter, 76, was born April 29, 1882, in Springdale, Ark. A Baptist, he was a retired farmer.

Surviving besides his daughter are his wife, Mrs. Lee Slaughter of Canyon; two sons, G. T. Slaughter of Hereford and C. F. Slaughter of Ontario, Calif.; eight grandchildren and two great-grandchildren.

Taos Artist

FRANK HOFFMAN

JWBC Meeting Features Review

A book review highlighted the Junior Woman's Book Club meeting March 13 in the Panhandle-Plains Historical Museum.

Mrs. Craig Johnson reviewed "The Dog Who Wouldn't Be." She was introduced by Mrs. Truett Hull. Mrs. Johnson was presented a gift.

Mrs. Bob Lindsey opened the meeting, and the club read in uni-

son the pledge to the Texas flag. Mrs. H. R. Fulton Jr. introduced two new members, Mrs. Maxine Sherrod and Mrs. Louise Smotherman. Refreshments of cookies and punch were served.

TOO SERIOUS

People who dodge the problems of life sometimes have less to worry about than those who try to solve them all.

In 1950 Texas' population was sixth in the nation.

Museum Schedules Exhibit of Paintings of Familiar Artist

More than 100 paintings, some of them valued at as much as \$7,000 each, of Frank Hoffman, famed Taos artist, will go on display April 1 in the Hall of Fine Arts of the Panhandle-Plains Historical Museum. The exhibit will remain through May 15, according to C. Boone McClure, director.

Many of the Hoffman works are familiar to American families since so many of them appeared on calendars for a number of years. The artist died in March 1958 after living nearly 40 years in the Taos colony.

Several of the paintings, and a number of prints are on sale, according to McClure. They range in prices from \$100 to the top \$7,000.

Hoffman began his study of horses and his drawing at the age of 14 while with his father's racing stable in New Orleans. He worked around the tracks and galloped horses until he was 19 and too heavy to ride them.

The artist began his career as head of the art department for the old Chicago American, and while in Chicago he began studying with J. Wellington Reynolds, which consisted primarily in figure and portrait painting. In 1916 he went West to paint out of doors. He lived with the Crows, Crees and Blackfeet Indians and mingled with the old-timers such as stage coach drivers, hunters, trappers.

He met John Sargent, the great portrait painter, at Glacier National Park and learned a great deal of painting from Sargent, who was at that time painting Blackfeet tribesmen.

About 1920 Hoffman went to Taos, where the Taos Art Colony was already well established, to study out-of-door painting with Leon Gaspard. The Gaspard influence shows in several of his early paintings. The fine arts field did not make enough money for Hoffman, however, so he went to advertising illustrations for such companies as the Great Northern Railroad, General Motors, General Electric, Cream of Wheat and others.

Hoffman later began illustrating for America's leading magazines such as Red Book, Saturday Eve-

ning Post, Liberty, American Magazine, and Ladies Home Journal. From 1932 until 1940 Hoffman devoted all his time to painting and sculpturing thoroughbred horses, cowponies, and animals.

Charles Allen Ward, president of Brown and Bigelow Calendar House of St. Paul, Minn., signed Hoffman in 1940 to paint exclusively for his firm and for 14 years he produced nearly 150 paintings for the company.

EARLY TRAINING

He is a well equipped young man if he starts life with a reputation for industry and honesty.

Texas' present Capitol building was dedicated in May, 1888.

T & T Club Plans Future Meetings

Future meetings of the Tongue and Thimble Club were planned when the group met last Thursday with Mrs. Frank Rogers.

Hostesses will be Mrs. Nan Eayle Gauthreaux for the April 2 meeting, and Mrs. Annie Read for the following one. Mrs. Gauthreaux will give a cake decorating demonstration at the next meeting.

Mrs. Charles Sutton acted as chairman in the absence of the president. Two games were played and roll call was answered with "My Favorite Month."

Cake and punch were served to Mrs. Sutton, Mrs. Gauthreaux, Mrs. Wilson, Mrs. G. E. Wesley, Mrs. J. W. Wesley, Mrs. Richard Evans, Connie and Terry Foster and Mrs. Rogers, the hostess. Mrs. Wilson won the drawing.

WARREN'S

JOY before EASTER

Does your joy depend on the absence of trouble? Do you say, "If only . . . , then I could be happy?" Then Lent is for you.

Lent brings joy to men in the midst of trouble by telling of the suffering of Jesus Christ. The Scripture says Jesus Himself found joy in His suffering. "Who for the joy that was set before Him endured the cross, despising the shame, and is set down at the right hand of God." Because His death would bring forgiveness to men, Jesus moved triumphantly through the agonies of His crucifixion.

Use the church in these days of Lent. Hear how God assures you of blessing through His Son. When you accept the love God shows you through the gift of the Savior, you will know the triumph that shouts, "If God be for us, who can be against us." Nothing can separate us from the love of God that is in Christ Jesus!

Easter proves this. Trouble—even death—could not defeat Jesus Christ. He rose triumphantly from the grave!

Don't wait until Easter. Find your joy this Lent. Lutheran churches urge you to share heaven's joy before Easter!
